2023 Start-up area simulation

WHO IS ELIGIBLE ?

To claim to exhibit in the start-up area you must:

- Be a Start-up
- Be a young compagny
- Be an ecological actor with an idea or a project

The company's project must :

- Be at a very young stage and still require a technological "maturation and validation" phase
- Has a strong growth potential and that the technology behind the project brings a real competitive advantage to the company.

THANK YOU
